Where is the Money?

David "Two-Eye" Hobey
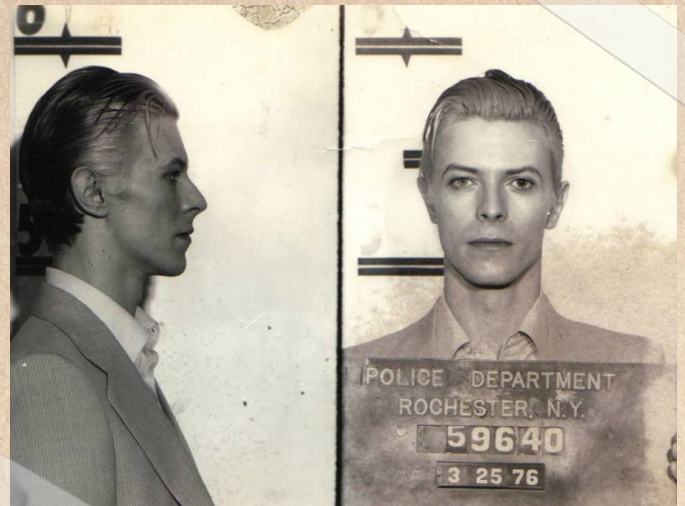

Criminal mastermind David "Two-Eye" Hobey is responsible for a recent heist in London. He is suspected to have hidden the stolen money somewhere close.

Hobey was arrested and is currently in custody. The police thinks that immediately before his arrest, he sent an audio message to one of his partners in crime.

We have confiscated his hard drive: Find out where the stolen money is!

What you'll need to solve the case:

- The compressed image of the hard drive: download here
- TestDisk
- base64
- zbarimg (in package zbar-tools)
- StegOnline

The suspect is known to use sophisticated techniques to hide data. Maybe he used steganography this time.
